Confirm that this is a public dataset that can be retrieved by anyone on the Network (i.e., no specific permissions or access rights are required to view the data).

Yes.

What is the expected retrieval frequency for this data?

2-3 times a year.

For how long do you plan to keep this dataset stored on Filecoin?

Most of data is required to stored permanently.

DataCap allocation plan

In which geographies (countries, regions) do you plan on making storage deals?

Asia.

How will you be distributing your data to storage providers? Is there an offline data transfer process?

We plan to transfer data offline.

How do you plan on choosing the storage providers with whom you will be making deals? This should include a plan to ensure the data is retrievable in the future both by you and others.

We're selecting the SPs with high reputation on slack . They have the ability to store deals at a very

How will you be distributing deals across storage providers?

We plan to find more than 5 SPs and distribute the deals equally.

Do you have the resources/funding to start making deals as soon as you receive DataCap? What support from the community would help you onboard onto Filecoin?

We are contacting SPs and don't need community help at this time.

- 1.Can you provide more detailed information about storage providers distribution, such as you can list SPs you have contacted with at present?
2.Could you send an email to filplus-app-review@fil.org with your official domain in order to confirm your identity? Email name should includes the issue id #534.

fomeless commented on 16 Aug

- 1. It is planned to package 60% in Hong Kong, 20% in Singapore and 20% in other regions. Now we have contacted f01852677. Other service providers in contact have no ID for the time being
2. The email has been sent, thank you
